Dear Kevin:

Your workshop presentation on public speaking to the Leadership Colleyville class was magnificent. It was vivacious, humorous and the content of what you presented was exactly what the class needed. Your ability to keep the attention of the class and keep them involved and interactive was a treat to watch.

The tips and techniques for public speaking you gave the class were very appropriate to business today. The tools you gave the class can be used immediately and with great success. The class also enjoyed your first hand knowledge of taking "pressure and turning it into calm confidence." Your story about landing the airplane with the engines missing was breath taking and makes public speaking look easy. I don't know how you can be so calm about it.

The Colleyville Chamber of Commerce wants to thank you for your participation in our important endeavor with Leadership Colleyville. I know we will have you back. And I look forward to you participating in future Chamber projects and events. Please have anyone interested in your presentation give me a call for a reference. The class loved you!!

Warm Regards,
